Plot and Premise

Another Cinderella Story is a modern retelling of the Cinderella story set in a performing arts high school. Mary Santiago (Selena Gomez) is a talented dancer who dreams of attending a

prestigious dance competition. She is mistreated by her overbearing stepmother and stepsisters. After a chance encounter with a famous pop star, Joey (Drew Seeley), at a masked ball, she loses her iPod instead of a glass slipper. Joey embarks on a quest to find the mysterious girl who captured his heart. The film features original songs and energetic dance numbers, blending romance with the thrill of musical competition.

The Cast and Their Roles

The film boasted a young ensemble cast:

- **Selena Gomez** as Mary Santiago (the modern Cinderella)

Kennedy also brings a subtle maturity to the role. Even in a lighthearted musical, she grounds her performance with relatable emotions.
